P

**WE HAVE EXTENDED CLINIC OFFICE HOURS.
YOU MIGHT CALL THEM, "FAMILY FRIENDLY."**

Let's face it, to call your life hectic is probably an understatement. And as you run around from one thing to another, an illness can throw a wrench into your already crazy life. You need a health care provider that fits into your schedule. That's why most of our clinics are now offering extended hours—earlier mornings and later evenings—along with Saturday morning appointments too. And we offer doctors with many specialties, from internal medicine to family medicine, urology, neurology, and more. In other words, this is good news for families—our appointment book just got a little bit bigger.

In Partnership with the Felician Sisters

For more information and new hours, please visit our website.
